PERSONEEL - PROJECTONDERSTEUNING - ADVIES

**ProfLinQ is the connecting link for labor and project support onsite with clients, through staff mediation and recruitment.**

ProfLinQ provides support to get a job and stay at work. Together, a suitable job offer will be created based on the knowledge and skills of the candidate, with possible additional training, guidance and career planning.

## **LOOKING FOR A NEW JOB OR CHALLENGE?**

We are looking for supportive workers without any experience and also skilled professional workers, with the right attitude and dedication to work. Experience and training can be learned, but the right mindset and affinity with the job are the foundation for a stable career.

Feel free to contact us to discuss all the job options. Together, we will build a successful opportunity or challenge in your career.
